

## **Great Falls Rocks and Sheds**

### *School Field Trip Information*

*“Welcome to Great Falls Rocks and Sheds, where nature's wonders await. Dive into a world of stunning rocks, minerals and gems that will captivate your imagination. We have many great examples in the shop that the kids can see and hold...bring your class for a visit and make your textbook come alive”*

**Location:** 5600 7th Avenue South, Great Falls, Mt 59404

**Times Available:** Tuesdays and Thursdays, 10:00am-11:00am and 1:00pm-2:00pm (*Please contact us for special arrangements if these times/days do not work for you*)

*Amethyst Geodes*

*Red Banded Agates*

*Septarian Nodules*

*Yooperlite*

### **What we have to offer**

- A large variety of rocks, minerals and gems for the kids to hold and see
- Large classroom area where you can gather and learn the process of mining and raw material crushed in our rock crusher.
- A sluice box where kids can see how material is ran to find minerals, and they can also have fun panning for rocks and minerals
- Lapidary: Engraving, Cutting and Polishing Rocks/Gemstones (When Available)
- Education on certain types of rocks and gems from Montana
- All students will leave the shop with a rock in hand
- Students are welcome to purchase items in our shop as well

### **Educational Scholarships for Students**

*At Great Falls Rocks and Sheds, we believe that every child should leave with a rock in hand! Thank you to our generous donors that are making this possible. If you would like to partner with us to make sure this continues, please contact us.*
